MARKS IN TIME- WORKS ON PAPER

EXHIBITION RUNS FROM 28 OCTOBER UNTIL 24 NOVEMBER

Two galleries filled with Charcoal, ink, gouache, acrylic paint, monoprints, photographs and graphite renderings are presented in this inspiring fresh exhibition. You are sure to see some of the best works in Brisbane by artists:- Priscilla Jean, Rodney Banfield, John Grimsdale, Sandra Pearce, Margaret Purcell, Tony Walker, Lin Stanton, Andrew Tomlins, Kym Barrett, Olga Lutsenko and Jenny Gilbertson. These drawings are so free, so immediate and so fresh and compelling - this is a 'must see' show.

The most flexible of all grounds to work on, paper has supported centuries of artists working in all genres and this exhibition will not disappoint. 'Marks in Time' celebrates paper, here are eleven artists each using the often overlooked medium to deliver their stories. Every one of the artists represented here works the paper differently, Martin Galleries has chosen them especially to showcase the diversity of paper and to present the wide range available.

Come along to opening night and celebrate with the artists, hear the stories of their works and how they created them. Wine and cheese will be served as you enjoy this engaging body of work, with six gallery spaces there is sure to be something for your home.
